

Middle Level Waters Unique Boat Reference – Application Form

This application is for a unique reference for a vessel which will be used to identify it and which will be recorded as part of any future licencing records held by the Middle Level Commissioners. All vessels which use Middle Level Waters, including those in marinas will require such a reference which must be displayed on both sides of the craft and must be clearly readable from 30m away.

Boats which have a reference supplied by or recorded by another navigation authority need not apply but must still display this reference in accordance with the above specified requirements.

Vessel Name (if none type N/A):

Vessel Type; cruiser, narrowboat, other:

Vessel Length:

Vessel Width
