

Coronavirus (COVID-19)

Current Navigation Guidance Notes (issued 4th January 2021)

The Middle Level system remains in a Tier 4 area and for our waterways only essential travel is allowed. This means that travel on our waterways and overnight stays are only permitted where the vessel is your permanent residence or it is necessary for work, education or similar reasons. You should stay local where possible and not travel outside of a tier 4 area.

You should not visit a tier 4 area from another tier to visit your boat. Travel to maintain your boat is not permitted in tier 4.

If you are not able to travel to your boat to display your licence disk because of these restrictions, please don't worry, just do so when Government restrictions allow.

Paddle sports, rowing and sailing are permitted for all tiers subject to social contact rules specified for each tier.

Provision of services at this time

Our staff continue to work, managing and maintain our waters within the guidelines for safe working. However, our response times and the actions we may take will be reflective of the tier we are in and the restrictions it places on us.

We continue to offer our thanks to all users of the Middle Level system for bearing with us in these unprecedented times and look forward to seeing a return to more normal operation as soon as possible.
